What Chad Needs From You

Tony, Chad is opening this up because he values your baseball background, Georgia network, and future partner potential. Please test the platform like a coach, partner, and network builder. Focus on what is clear, what is confusing, what athletes/coaches would actually use, and who in your network should see it next.

Fast Feedback Checklist

Area	What To Check
First impression	Does the AthlynX brand feel premium and credible?
Coach usefulness	Can a coach quickly understand where athletes, profiles, recruiting, and NIL fit?
Brackets section	Does the MCWS/WCWS season section make sense for baseball/softball audiences?
Admin view	Can you see enough to understand the size and future operating system?
Network fit	Who should Chad and Glenn speak with next in Georgia, baseball, SEC, youth sports, or brand circles?
